## SWELL IRON BEDS.

The steamer Hawaiian brought us a big shipment of beds—all the way from the manufacturers in Chicago. Some are all brass, and some colored with heavy brass trimmings. These are high class beds, similar to the iron beds seen in the swell suites of the hotels. They are much superior to the iron beds usually sold here.

We have fine beds in the Vernis Martin finish. Cribs, with high sides, and all brass.

## DINING ROOM RUGS.

By the Alameda we received a large shipment of grass rugs. They are of all sizes, all colors, and of many figured designs. We got them in such quantity and at a price that will permit them to be sold low. They are just the thing for the dining room or den, are artistic, and, although cheap as regards price, are not cheap in appearance.

## WIRE MATTRESSES.

This climate rusts some kinds of wire mattresses. Then the rusty wires spoil the ticking of your nice mattresses. New wire springs are inexpensive and save you lots of trouble. We sell a number of different makes and as we put them together in our own workshops we can guarantee that they will not warp or break up easily.

## LANAI FURNITURE.

Warm weather is approaching. Are your lanai rockers weather-worn and useless. We have a nice line of these.

## MUCH ANXIETY FELT FOR THE C. KENNEDY

Where is the schooner C. Kennedy? That is the question that is agitating many people in this city. It is over a month since the little craft with Captain Max Schlemmer, Captain Green, formerly of the Rapid Transit, one other white man and several Japanese set sail for Midway Island. The distance from Honolulu to Midway, about 1200 miles, should easily have been covered in from seven to ten days but still no word of the schooner's arrival has come from Midway.

It was the intention of Schlemmer and Green to sail directly for Laysan Island to load guano but they were requested by the United States authorities to visit Midway first and take mail and supplies for the marine guard. A big lot of supplies was loaded on the schooner and the mails were put aboard. Supplies were also sent by the cable people to the cable office on the island. Then the C. Kennedy cast off her lines and put out to sea. Where she is now only that sea knows and it will not tell.

Yesterday Captain Weisbarth of the schooner Lavinia suggested that his vessel be sent out with a relief expedition. He is well acquainted with the waters to the westward of these islands and would be well fitted to head such a search. It is his intention to see Mrs. Schlemmer and ascertain her wishes in the matter. It is understood that the gunboat Petrel which sailed Monday for Midway will do some searching for the C. Kennedy.

It is barely possible that the men on the schooner have decided to stop at Laysan first but this is improbable as they were under contract to carry the mail and supplies to Midway. It is very possible that their compass or chronometer is out of order as Captain Weisbarth was on his famous cruise to Lisiansky. There is still the other possibility, one that people are reluctant to accept, that the little schooner has succumbed to some storm.

Inquiry at the cable office at a late hour last night elicited the information that the cable people had not been notified of the Kennedy's arrival. They are somewhat worried over her long passage.

## SIBERIA JAMMED WITH PASSENGERS

With seventy of her passengers to land at Honolulu, the P. M. S. S. liner Siberia arrived yesterday afternoon at 1 o'clock from San Francisco. The vessel was a few hours late owing to the heavy weather encountered all along the voyage. In fact, many of the passengers preferred remaining in the seclusion of their bunks the greater part of the time. An occasional sea swept over the bow deck, but no damage resulted. The vessel will resume her voyage to the Orient at 11 o'clock this morning.

The Siberia has about 150 cabin passengers and a cargo of 8000 tons of miscellaneous freight for Oriental ports. Prominent on the cabin list are Lieut. J. M. Marble and Mrs. Marble. The former goes as naval attaché to the American Legation at Tokyo. Lieut. Commander Rodgers will report to the admiral of the Asiatic fleet for duty.

Rear-Admiral Miller and Rear-Admiral Whiting, United States Navy, are en route to Manila to serve on a court-martial. Capt. H. W. Lyon, commandant of the Honolulu Naval Station, joins them here and will also serve on the court-martial. Admiral Whiting's wife was formerly Miss Afong of Honolulu.

Hon. Patrick Egan, who was the United States Minister to Chile during the cruiser Baltimore episode, is en route to Yokohama. W. B. Wells, en route to Yokohama, was one of the directors of the Louisiana Purchase Exposition and chief of the Concessionaire Department. O. Kakuzo is a prominent Japanese artist who has been in Europe. His peculiar headgear, looking like a monk's cowl, attracted considerable attention. Le Comte de Segur is an Italian count traveling around the world for pleasure. W. W. Andrews and wife are from Washington, on their honeymoon. They will remain in Honolulu until the next steamer sails for the Orient.

B. Griggs Holt, formerly secretary of McCabe, Hamilton & Renney, and United States Shipping Commissioner, came on the Siberia from a business trip to the coast. He will remain here two months and then proceed to Hongkong, where he will act as the agent of the Pacific Mail Steamship Company. This is in the nature of a flattering promotion for Mr. Holt. Mr. Holt's popularity with the stevedores of Honolulu was shown yesterday when all who could spare the time pressed forward to greet him on the dock.

Among the passengers for Honolulu were Mr. Jos. Geoghegan and two daughters and Mr. J. O'Meara and Miss O'Meara of Salt Lake City, who have come here on a pleasure trip. Col. and Mrs. Samuel Parker, Miss Alice Campbell and Miss Beatrice Campbell returned from a California trip. Miss Alice Campbell is entirely recovered from the operation for appendicitis which she underwent on the coast. Mr. and Mrs. Elmer Paxton returned from New York. Harry Lewis and wife returned from the mainland after a long absence. J. T. McCrosson, the Kohala ditch man, returned from a business trip to the coast in connection with the ditch.

Among those who will depart from Honolulu today on the Siberia are Mrs. Atkins and Mrs. Gates of Indianapolis, who have spent several weeks in Honolulu as guests at the Hawaiian Hotel. They will pass through here again on June 6.

The Siberia is at Naval Dock No. 1.

the contents of the stomach was something of a surprise. When the stomach was opened a turtle floated out, looking for the moment as if it were alive. It was found to be dead, however, but in perfect condition. The turtle was about two feet long. Dr. Emerson secured a portion of the shark's skin, which he will use to make an old-fashioned Hawaiian drum. Young Bros. took out another party of shark hunters yesterday afternoon. Most of them were tourists.

## Sierra Was Fog Bound.

On March 6 several vessels bound in to San Francisco were fog-bound. One was the Sierra and another the Nevada. The Call of March 7 says of the matter:

The Sierra has on board the Australian-British mails and they should have left here last night on the 6 o'clock train in order to catch the Saturday steamer across the Atlantic. They will be here today, however, and in spite of the delay will be in London sooner than if they had been sent by way of the Suez Canal.

In the postal world the service across the Pacific contributed by the Oceanic Steamship Company's three liners is considered the standard of perfection by which all other mail routes are judged. The record of these three boats and of the Alameda and Mariposa before them, for strict adherence to schedule is said to have no parallel in any other port of the world.

The Sierra is fighting the elements this time, however, and for once will be late in landing her mail.

It is expected that the three vessels will be in port early this morning.

The Chronicle says:

As the liner Sierra was about to drop anchor in the lower bay yesterday morning, the engines having been stopped, the broad side of the big freight steamer Alcoa, at anchor near Alcatraz, suddenly loomed directly ahead and so near that only the prompt action of Pilot Jordan in signaling "full speed astern" prevented a terrible collision and the possible loss of both vessels. When headway on the Sierra was stopped her stern was within six or eight feet of the Alcoa's port side, a little abaft of amidships. There was no excitement on either big steamer, for few persons were aware of the situation at the time of the narrow escape. The only voice heard on the Alcoa was that of a Chinese member of the crew, who regarded the Sierra over the rail and shouted, "Whassa malla you?" The Sierra swung off a moment later and anchored near by.
